94 STOCK CARS ARE SUPPLIED IN A WEEK

Campaign of Rush County Farmers
Association Causes Big Move-
ment of Live Stock.

FIGURES DISCLOSE RESULTS

Even Though Large Number is Pro-
vided, There is Still Need For
20 Cars in County.

That the Rush County Farmers
association got results in their cam-
paign to relieve the live stock car
shortage in this county, is disclosed
by a report from the president, Fred
Bell, which shows that ninety-four
cars have been set at shipping points
in this county within a week.

This takes into account all sta-
tions in the county from which live
stock is shipped, with the exception
of two, from which no reports were
available.

It was just one week ago today
when the farmers association opened
its campaign to get more live stock
cars because many Rush county
farmers faced the loss of immense
sums due to the fact that they could
not ship hogs which were ready for
the market.

The officers of the association
gathered the facts in the situation
before they opened up, and when
state and national officers asked for
proof of their assertions, they were
able to show that actual conditions
in this county were not worse than
they had been pictured.

President Bell first telegraphed
Senator James E. Watson and Con-
gressman Richard N. Elliott at
Washington, and L. E. Northup,
state veterinarian, at Indianapolis.
All three promised instant relief, and
it was forthcoming last Sunday when
the Pennsylvania ran a special train
of empty live stock cars from Colum-
bus to Dublin and backed back.
The railroad administration has con-
tinued on the job all week, with the
result that ninety-four cars have
been supplied, but the needs of the
Rush county live stock shippers
have not been filled yet because fig-
ures gathered from the varying
shipping points in the county yes-
terday revealed that there are still
orders for twenty cars which can
not be supplied.

One week ago the shortage was
figured at seventy-six cars, and with
ninety-four cars having been sup-
plied during the week and there still
being a shortage of twenty cars, it
is plain that there has been a large
movement of live stock from this
county to the markets this week.

It is pointed out that the county
association has performed a real
service because scores of farmers
had fed their hogs with the view of
marketing them just before Christ-
mas, and if disappointed, they would
have been short of cash for Christ-
mas. Several business men, when
informed of the situation today,
praised the association highly for
taking such an active part in im-
proving the situation.

FIRST DAY SEALS YIELD \$5

Seals Expected to go Faster Re-
maining Days Before Christmas

The sale of Red Cross Christmas
Seals, which is being conducted in
the lobby of the postoffice, yielded
\$5 yesterday and as Christmas ap-
proaches, it is expected that the
proceeds will increase daily. The
girls in charge of the sale are finding
many persons who never thought of
adding their small mite toward the
campaign to eradicate tuberculosis.
Three-fourths of the money realized
from the sale of seals here goes to
the visiting nurse fund.

Miss Helen Scudder and Mrs.
John P. Frazee, Jr., representing the
Psi Chi Xi sorority, were in charge
of the booth this afternoon.

FIVE MEET INSTANT DEATH

Six-Year-Old Girl Among Dead in
Rail Accident.

(By United Press.)

Roanoke, Va., Dec. 19.—Five per-
sons met instant death and 82 were
injured when the Memphis Special
crashed into train No. 1 last night,
forty-five miles from here.

The train was struck from the
rear by the limited and two coaches
were demolished.

Miss Denkins, of Newcastle, Ind.,
was among those dead. She was the
six-year-old daughter of Mr. and
Mrs. William Denkins.

SQUIRE COLLECTS \$130 IN BIG FINES

J. P. Stech Does Rushing Business
Due to Family Troubles and
Game Warden's Activities

MANILLA MAN HIT HARDEST

John W. Gahimer Fined \$20.85 in
Each of Three Affidavits Charg-
ing Violation Fish Laws

Business has picked up in Squire
Stech's court, which resulted in
many well known people paying fines
for various offenses, four charges
being preferred by Frank Baylor,
deputy state fish and game warden,
who is spending much of his time in
this county.

John W. Gahimer, a well known
man of Manilla, was arrested on
three charges, for having in his pos-
session a seine, a dip net and a grill
net, separate charges being prefer-
red on each count. When arraigned
this morning before Squire Stech, he
pleaded guilty and was fined \$20.85
in each case, making a total of
\$62.55.

John Craig, a farmer of this town-
ship, was also hauled into court by
the state officer, who charged him
with hunting without a license. He
pleaded guilty and was fined \$19.50,
which included the costs.

Family troubles were also brought
into court which resulted in fines for
three people, one of them paying
twice on the same charge. Ralph
Waggoner filed assault and battery
charges against his father-in-law,
Elbury Pea, and the latter's son,
Ralph Pea.

Policeman Lemons made the ar-
rest, Waggoner proved to the court
he had been injured which resulted
in both of them paying a dollar and
costs. The trouble took place Dec-
ember 12, and a divorce case involv-
ing the Mr. and Mrs. Waggoner has
since been filed in circuit court, Mr.
Waggoner asking the decree of sep-
aration.

After the two Peas paid fines,
then a similar charge was filed
against Waggoner, which also re-
sulted in him being fined a dollar
and costs, after he had pleaded
guilty.

But it seems that the trouble
was not to end then. Ralph Pea
again assaulted Waggoner last Sat-
urday, and another assault and bat-
tery charge was placed against Pea.
When arraigned before the squire on
this second offense, his fine was five
dollars and costs.

In all the squire collected in fines
and costs about a \$130, which in
each case was paid, and is more
business than has been transacted
in the squire's court or police court
for several months.

ATTEMPT TO KILL MARSHAL FRENCH

Irish Assassins Fire on Lord Lieu-
tenant of Ireland From Am-
bush This Afternoon

(By United Press.)

Dublin, Dec. 19.—The critical sit-
uation in Ireland reached a climax
this afternoon when an attempt was
made to assassinate Field Marshal
Viscount French, lord lieutenant of
Ireland.

Several shots were fired at the
viscount while he was motoring. Al-
though a number of bullets struck
the automobile, none of them hit
him.

One of the assassins was shot
and killed by the police in Field
Marshal French's escort.

It was said that his man had a
bomb in each hand when shot. One
of the police escorts was wounded.

The shooting occurred in Phoenix
park. Immediately afterwards the
police reserves were rushed to the
scene. Some of the people believed
when they heard of the shooting,
that a general uprising had started.

Reports that the Irish extremists
had planned to assassinate the lord
lieutenant have been circulated for
more than a week.

These reports while officially dis-
credited, resulted in additional
precautions being taken to guard
the lord lieutenant.

The party was returning from a
tour of Western Ireland and had
left the train at a wayside station
and finished the rest of the trip by
motor.

The escorts had no warning of
the attack which was made from
ambush in the park.

Most of the accounts agreed that
five shots were fired by the assas-
sins, one of which narrowly missed
French's chauffeur.

PREPARE TO LIVE UP TO AGREEMENT

Packers Study Palmer's Statement
and Arrange to Dissolve Re-
lated Industries.

(By United Press.)

Chicago, Ill., Dec. 19.—Heads of
the great packing companies today
conferred with their assistants and
advisers to make plans for carrying
out the agreement with the govern-
ment to dissolve industries in re-
lation to the packing business.

The statement as issued by At-
torney General Palmer regarding the
agreement, was studied at the main
offices of all the plants today.

The packers were not acquainted
with all the details of the agreement
previous to publication.

It was the opinion of the Big Five
packers that the plants would
smoothly sail during the dissolving
period extending over the coming
two years.

The fact that several of the com-
panies had already taken steps to
cut off unrelated business gives the
dissolving project smooth running.

Grand jury investigations here of
the packers business has been
stopped, United States District At-
torney Cline announced today.

The investigation was stopped in
accordance with the suspension of
all prosecutions of the packers as
provided in the agreement.

OFFERS TO RETURN SOLDIER'S BODIES

E. Teyssyre, Paris Undertaker
Writes F. A. Caldwell of Ar-
rangements to Ship Remains

(By United Press.)

Paris, Dec. 19.—E. Teyssyre, an undertaker
country, after a trip to the United
States, coming here for the purpose
of receiving his commission from
the government to return to the
country bodies of some of the Amer-
ican soldiers who died in France.
This information has been re-
ceived here by Fred A. Caldwell, in
a letter from the Paris undertaker
asking Mr. Caldwell to give the
matter in this county publicity, so
that anyone who would be interest-
ed in having the remains returned to
this country, could have the Paris
undertaker take charge of the ar-
rangements in France.

Mr. Teyssyre, in writing to the lo-
cal undertaker remarked that he was
inclined to believe that the United
States government eventually will
return the bodies at its own expense
but nevertheless there will be many
cases where the family would wish
at its own expense, to have this done
immediately.

Part of the letter reads, "Through
my connection with the French offi-
cials, I can secure promptly the re-
turn of any body which is not bur-
ied in the relatively small zone of
the armies. The average cost for
disinterment and transportation
charges to New York will be about
\$605, of which I enclose an itemized
account."

The itemized account referred to
include \$115 for an interchangeable
zinc lining box which fits into any
ordinary casket and has a plate
glass top, so that the remains may
be viewed. The average cost of la-
bor involved, including the legal
fees, will be \$120.

The undertaker lists his own ex-
penses on the journey after the body
at \$112, and the transportation
charges from LaHavre to New York
at \$160. The average railroad fare
from the burial place in France to
the wharf is \$47.52, and the under-
taker places as his fee \$50.

The Purple Cross society in Phil-
adelphia has direct charge of the
transportation of the bodies, and the
proper papers for the family to fill
out will be forwarded from there.

Mr. Teyssyre has brought out a
subject which many people have
wondered about—the cost of return-
ing the bodies to this country. There
is no doubt but what there are many
families in the United States that
will be more than willing to pay the
price in order to have the body of
the deceased soldier buried in their
own cemetery.

INDEPENDENTS WIN FROM MOSCOW FIVE

Rushville Quintet Defeats Down-County Team Handily Thursday Night, 40 to 28

17 TO 17 THE FIRST HALF

The local independent basketball team kept up their winning streak last night by defeating the fast team from Moscow, the final score being 40 to 28. The game was much closer and interesting than the score would indicate, and it was only in the last few minutes of play that Rushville edged away, and got a safe lead.

The first half was close, first one side getting a point and then the other, and at the end of this period, the score was tied, 17 to 17. In the last half the game started off in the same manner, but before the final whistle, the locals gained a comfortable lead.

The team will take on the fast Connersville Independents at Connersville tonight, in the small gymnasium, but expect to continue with their winnings. Several local fans will accompany the team tonight, and help boost the contest for the locals.

The score and summary of last night's game is as follows:

Rushville (40) Moscow (28)
 Brodie F F. Gosnell
 Henley F C. Gosnell
 Martin C Tillison
 Brown G Peck
 Keating G Wagner
 Field goals: Brodie, 6; Henley, 3; Martin, 7; Keating, 3; F. Gosnell, 6; C. Gosnell, 4; Tillison, 2; Peck; Fouls: Henley, 2; F. Gosnell, Tillison.

Gifts for Grandparents

Just what to get for grandparents seems to be the hardest question to decide at Christmas time. They like things that add to their comfort. In the picture above are two suggestions. One is a reading glass, which will prove useful when ordinary spectacles fail to reveal to the eyes that are growing old. Below is something pretty and useful for grandmothers. It is a bouquet made of white flowers and in the heart of each flower is a small needle, useful for sewing or darning. The center of one flower is a small spool of black thread. In the bouquet are also small books and eyes.

matoes, breakfast food, pumpkin, cabbage, bread, and many other articles of food which will be used to a good purpose in filling the baskets for the needy.

The food was to be collected this afternoon by Captain Tench of the Salvation Army and taken to headquarters in the court house.

The junior high school made a wonderful showing. It was this department of the school which gave all the dressed chickens and rabbits, as well as scores of cans of fruit and corn and beans, two bushels of potatoes, more than a bushel of apples as well as oranges and many other things.

The Jackson, Havens and Graham Annex buildings each reported three dozen jars of fruit besides numerous other articles received up to noon. Many pupils forgot their contributions this morning and brought them this afternoon.

GOD'S CHRISTMAS

The spirit of Christmas as we celebrate it is joy. It is joy to the baby with his tiny stocking. It is joy to the children with their candy, toys and books. It is joy to the older people, who themselves give and receive.

But has the second great meaning of Christmas come to you? The angel choir on the first Christmas sang: "Glory to God in the highest." What are you going to do this Christmas to bring Glory to God? God will give you Christmas joy; will you deny him His Christmas Glory?

A poor child made happy, on Christmas Day, for Christ's sake, means glory to God. A lonely neighbor cheered, a goodly supply of fuel and food sent to the home of a neglected old man or woman, all means glory to God. A heartfelt, sincere prayer, thanking God for His goodness, this, too, means Glory to God.

For us, "exceeding great joy." For God, "Glory in the highest." Shall we do our part?

Keep War Risk Insurance

It is regrettable that so many former service men are not keeping up their Government life insurance issued through the Bureau of War Risk Insurance in Washington. The fact seems to be due largely to widespread confusion and lack of information as to the right of former service men to permanent Government life insurance, and the process by which this insurance may be retained.

The demobilization of our armed forces was so rapid and was attended by such uncertainty on the part of service men as to future civil occupations and permanent places of abode that it was not surprising that many of the men gave little thought to the matter of insurance. Others doubtless thought the original term insurance (War Time Insurance) ceased when they were mobilized and did not know it might be converted into any one of the several forms of permanent Government Life Insurance (Converted Insurance). Still others, immediately upon their return to civil life, felt financially unable to continue the insurance. They should now take advantage of the liberal provisions for reinstatement. The Government is determined that no former service man shall lose his right to Government insurance through lack of knowledge of conditions. To this end, the press, the pulpit, bankers, physicians and other professional men, and the great volunteer agencies of social welfare like the Red Cross, the Y. M. C. A., the Knights of Columbus, the

Y. M. C. A., the Knights of Columbus, the Boy Scouts and many others are now co-operating with the Bureau of War Risk Insurance in an educational campaign designed to reach the former service men, wherever located, and tell them the Government is now committed to the policy of permanent life insurance for its soldiers, sailors and marines. Term Insurance (War Time Insurance) if it has lapsed may be easily reinstated within eighteen months from the date of discharge, by stating in the application that the applicant is in as good health as at date of discharge, and by the payment of only two months' premiums on the amount of insurance to be reinstated. And this term insurance (War Time Insurance) may be converted into one of several forms of Government policies.

School and Road Taxes

One of the greatest hindrances to education is the opposition of the taxpayer who has no children of his own to educate, or whose children have already received the benefits that the public school system has to offer. Many a district is today, unfortunate enough to have large land owners with no interest in education, who are making impossible any improvements by their refusal to co-operate in anything from which they are not to receive a direct benefit.

The old question of "why should I pay for the education of my neighbor's children?" has been the bone of contention throughout the entire fight against illiteracy in this country. And the same argument is offered whenever a road tax is mentioned. Perhaps the man whose farm does not border on a public highway feels he should not pay taxes on the improved road. And yet, if the main highway is not improved what good to him is the lane running off of it to his own farm? The lane can't take him off of his own property. Those living on the side roads must awaken to the fact that main traveled roads are of benefit to them, even if they do not reside directly upon them, and they must co-operate if we ever expect to get out of the mud, and stay out of it.

Good schools and good roads are impossible so long as men are blind through selfishness to the needs of the entire community in which they reside.

The wise man sees the bright star of hope at Christmas time, but the fool sees only the green cheese in the moon.

The man who continually acts before thinking becomes in the end a victim of his own impulses.

Self delusion brings happiness for a time, but the awakening often blights even the memory of what might have been.

Yes, the age old law of supply and demand is passing away. Now it is demand and take.

Some thirty years ago a Swabian and his wife settled in Philadelphia and on Sunday morning the wife—speaking no English—took a neighborhood stroll. In that particular locality all the houses had small front porches and a few feet of lawn. The German's wife came home beaming;

"Nice people here, Augustus."

"Good," said he puffing his pipe. "Did you talk with them?"

"Not exactly. But wherever I passed along they were all bowing—all of them. See!" She pointed out the window where at angles, a group of people were sitting on a porch, and a man passed by. "See," said she. "They all know him." The husband grinned and said:

"They aren't speaking to him. They're bobbing up and down in rocking chairs."

Little Wall Pockets

Here are two pretty wall pockets to hang beside or on the dressing table, ready to hold whatever their owners choose to put in them. Dishes of cardboard covered with easily printed paper make the frames and paper pocket at the left, and it is embellished by plain satin ribbon that ends in small bows at the sides. At the right two heart-shaped pieces of cardboard are covered smoothly with red satin and fastened together. The edges are finished with narrow ribbon of ribbon, and the same ribbon serves to hold the pocket. This smooth and attractive gift is certainly intended as a gift for a man. Two hearts with but a little pocket are quite meaningful. But one thing is a warning, a note to men: to make a similar pocket, use a piece of them with less a dish of cards, paper cards, pencils and such things, or needles, thimble and thread for a pocket.

A mistake was made in yesterday's edition in stating that the newly elected president of the Loyal Chapter class of the Main Street Christian church was Mrs. Perry King. Instead it was Mrs. George Crouch.

Mrs. George Looney, Jr., entertained the members of the Happy-Go-Lucky club yesterday at noon with a dinner party at her home in North Main street. Covers were laid for fourteen guests and the remainder of the afternoon was spent socially.

Mrs. Robert Williamson was hostess for the members of the Marian Social Circle yesterday afternoon at her home in West First street. She was assisted by Mrs. Ella Osborne. Needlework formed the chief diversion for the afternoon and at a late hour dainty refreshments were served.

The Woman's Missionary Society and the Young Ladies Mission Circle of the Main Street Christian Church, will hold their annual New Year's picnic dinner in the basement of the church. At this time the families of both societies will be guests at the affair. In the afternoon the regular program will be given.

The Baptist Ladies Aid society of Homer met at the home of Mrs. Ruth Webb, in this city yesterday and held an all day meeting. Sixteen members were present and enjoyed the picnic dinner served at noon. In the afternoon a business session was held at which time officers were elected for the coming year. A social time followed the business hour.

The regular meeting of the Dunning music class was held Wednesday at the home of Mrs. Will Meredith, in North Morgan street. Miss Rosalyn Reed had charge of the program. Following the regular program a Christmas party was enjoyed, during which presents were exchanged and musical games were played. Refreshments were served at the close of the evening.

Mr. and Mrs. J. D. Case entertained last evening at their home

North Main street, with a six o'clock turkey dinner, honoring the teachers of their sons. Deceased teachers were laid for Mr. and Mrs. J. H. Scholl, Mr. and Mrs. A. M. Taylor, and the Misses Margaret Morehead, Elizabeth Flint, Mabel Cornwell, Vivian E. Harris, Henrietta Coleman, Nellie Casady and Irene Beatty.

A Christmas party was enjoyed by the members of the Home club yesterday afternoon at the home of Mrs. Norman Crum in West Seventh street. At one o'clock a delicious four course luncheon was served by the hostess, the dining room being decorated in the Christmas colors of red and green, holly being the chief decoration. Following the luncheon the gifts were presented to the children and the members of the club from a small Christmas tree.

A Parent-teachers association was organized in Glenwood Tuesday night with the following officers: President, Mrs. Ollie Newman; vice-president, Chester Beaver; secretary, Raymond Beaver; assistant secretary, Mrs. Hattie Daily. The program committee consists of the Mrs. Beaver, Mrs. Richardson, Miss Ogle and Gay-Little. The co-ordination committee consists of Miss Wetzel, Mrs. Charles Brooks and John Mapes. The next meeting will be held January 13.

The Needlecraft Club of Homer met at the home of Mr. and Mrs. Marshall Dearing Wednesday evening. The members of the club were hostesses for the members of their families at this meeting. An oyster supper was served to the following guests: Mr. and Mrs. J. W. Arbuckle, Mr. and Mrs. Elmer Smith and family, Mr. and Mrs. Sylvia Hodges and family, Mr. and Mrs. Clyde Mull and family, Mr. and Mrs. William Brown and family, Mr. and Mrs. Ernest Mull and family, Dr. and Mrs. Barnett and family, Mr. and Mrs. A. G. Abernathy, Mr. and Mrs. Chester Dearing, Mr. and Mrs. Frank Crim and family, Nathan Arbuckle, Mrs. Lute True, Hazel Brown, Lavonne Cassidy and Dora Mull. The remainder of the evening was spent in music and contests followed by the serving of refreshments, consisting of ice cream and cake.

New York, Dec. 19—There are not only silver three among the gold but both silver and gold not to mention copper threads intermingling midst the warp and woof of all the smartest fabrics for day wear or evening wear or any old wear at all.

Positively we get more metallic every day and if we aren't careful we'll be buying our costumes by the carat instead of by the yard. Judging from some of the evening toilet-

ties it won't take many carats at that.
The perfectly gorgeous, metallic brocades of China and Japan are having a great vogue of late for evening gowns draped to the floor and for evening wraps that are the acme of Orientalism. Personally, I fear the heavily gold and silver-impregnated materials are a bit scratchy when in too intimate a juxtaposition to one's epidermis but one remembers always the old adage that one must suffer to be beautiful and the large feather fans of the moment prove excellent screens to conceal any necessary local treatment.

The rich metallic embroideries and brocades are really the most wonderfully expressive fabrics for the evening costumes of this most expensive and extravagant era but they simply won't stay in their pro-

sphere. They insist on weaving in on trucks and suits of sober daytime utility wear and embellishing neutral-toned duvetyne and practical series with reckless abandon. Gold motifs enhancing the charms of all shades of brown are effective, indeed, and silver on blues or greys are stunning. The glint of metal is as necessary to the success of the present day garment as it is to its purchase though it does take something more than its glint to accomplish that job.

Aside from the metallic threads in the fabrics and the applied metallic embroideries, metal in its natural form has us in its golden grip in the form of ornate belts, of coins and medallions, girdles of woven gold and silver wires and links and interwoven scrolls. The more barbaric and bizarre the design and effect the

more these girdles are to be desired and they are striking the newest gold and silver notes and are quite the centers of attraction.

The belts that have saved our coats and wraps in their encircling clasp for so these divers seasons past have at last been cast adrift. The maintenance of the mode hangs free and unrestrained from shoulder to heel save for the graceful intake of a drape or two. No belts are allowed to mar their graceful symmetry and the little string belt that has been dear to the heart of the Parisian and all her copying sisters as a necessary coat accessory is no more.

The belt in its more glorious and opulent form, however, is working overtime, girdling the rich robes of velvet and brocade and the simpler serge and davenport with equal dazzling and metallic charm.

Mauzy's

New Fitrite Silk Petticoats

have just arrived. They are very attractive and made especially for gift giving. Particularly alluring are the jerseys and floral taffetas.

Dainty Gift Handkerchiefs

If you want to show your thoughtfulness and at the same time present a gift that will be appreciated, choose a half dozen silk or linen handkerchiefs. Gift shoppers will find it profitable to select from our extensive displays where the new and novel are featured at moderate prices.

A Cozy Sweater

A warm sweater will not only gladden the heart of any woman or girl, but with the presence of cold weather, it is a real necessity for genuine comfort. Our assortment of sweaters, as well as scarfs and caps, include a wide variety of styles and beautiful color combinations.

Toilet Requisites For Gifts

Perfumes and toilet waters are always acceptable. We carry only the standard, high grade goods.

MUCH WHEAT IS DESTROYED

Hessian Fly More Destructive Than Usual This Year

Indianapolis, Ind., Dec. 19—Much Indiana wheat is being destroyed by the Hessian fly which is more destructive than usual this season, according to Frank N. Wallace, state entomologist.

The pests are far more numerous than they have been for several years and many acres of grain may be lost. In a few localities sheep were pastured on the early sown fields as a means for saving part of it and in some places rye was sown in wheat.

"Saved My Life" Says Mrs. Gaines

Bedridden For Weeks Before Tanlac
Restored Her—Now Does Own Housework.

"Yes, this Tanlac saved my life, and my husband here will tell you the same thing, too," said Mrs. C. A. Gaines, wife of a retired farmer of Minier, Ill., as she pointed to a bottle of Tanlac in Sutliff & Case Drug store in Peoria, Ill., a few days ago.

"Why, when I started on this medicine I had been down in bed for weeks with nervous prostration and a general breakdown. For a long time I could not eat a thing but liquids and every day I got weaker, and finally was so bad off I would become unconscious and have terrible sinking spells and there was little hope of my recovery. This condition had been gradually coming on me for eighteen years, and all this time I could barely drag myself around. I never had any appetite to speak of and had the worst sort of nervous headaches nearly all the time. My sleep was badly disturbed by frightful dreams and I had terrible night-sweats nearly every night. I could hardly do any work and would have to stop and lie down and rest several times while trying to do the least bit of housework. I suffered with such pains in the small of my back I could not get up and down without its nearly killing me, and I would become so dizzy I had to be very careful to keep from falling. My stomach was so badly upset I would become dreadfully nauseated after every meal and could rarely retain a thing I ate. Now, all this was before I got completely down, and I gradually went from bad to worse until I had to take to my bed, as I told you before.

My husband did all he could to find something that would help me, but everything I tried failed to do me a particle of good. At last some one advised me to get some Tanlac. He did, and the very first night after I began taking it I rested better than I had in a long while, and I continued to improve. By the time I had finished two bottles I could sit up in bed and everyone who saw me was astonished at my improved condition. Well, I kept taking it, and you see how well I look now. Why I am in perfect health and can eat three hearty meals a day without even thought of suffering afterwards. No gas or dizzy spells bother me any more and all my other troubles have gone completely, and I do all my own housework and never have that tired feeling I had for so many years. A medicine that will do what Tanlac has done for me deserves all the praise one could give it, and I couldn't say enough for it if I stood here and talked forever."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dal-las Copper; in Manilla by Geo. J. Talow, and Arlington by Mrs. L. T. Davis. (Adv.)

MAKES RACE FOR HIS RE-ELECTION

Victor Berger, Barred From Congress, Is Candidate on His Own Ticket in Wisconsin

ELECTION IS HELD TODAY.

Was Ejected From Congress Because of His Conviction Under the Espionage Act

Milwaukee, Wis., Dec. 19—Will Victor Berger be re-elected to congress? This is the question asked here to-day. The answer will interest the state and nation.

Voters of the Fifth Wisconsin congressional district were expressing their choice at the polls to-day other of Berger, who congress has decreed is unfit to sit therein, and Henry H. Bodenshtab, Republican, upon whom his party and the Democrats have united under "One hundred per cent Americanism" banner.

In the nominating primary held December 8, Berger was named by the socialists and Bodenshtab by the fusionists. Berger was given 14,044 votes and Bodenshtab 9,282. Berger's opponents asserted the primary was not a real test and that the socialists had made efforts to bring out the whole Berger strength, while republicans and democrats had not been as active in primary campaign.

Congress barred Berger because of his conviction under the espionage act. Gov. E. L. Philipp promptly called a special election for to-day to fill his place. Berger equally promptly announced himself as a candidate for a re-election on a platform in which he declared: "I am pro-German, pro-France, pro-England, pro-Poland—in short I am pro-humanity." Berger stated he was anti-prohibition, anti-prostitute, anti-entangling alliances and anti-Wilson. "Collusion with profiteers in hurrying the nation into an unnecessary war."

Berger and his campaign managers stumped the district, speaking German, as well as English and arguing that "when a man is barred from a body to which he has been elected by the people he is the victim of the worst kind of autocracy."

Opponents of Berger have been equally busy. The Good Government League and the American Legion posts have waged a hot campaign. The Loyal Legion adopted resolutions for Berger's deportation. The fire has been concentrated on Berger's anti-war stand, his writings during the war, which resulted in his conviction, having been freely quoted.

Perhaps the hottest fight has been waged in the newspapers, three afternoon and one morning paper of the city daily bombarding Berger, who, himself, a publisher, has replied in kind in his own afternoon daily.

A year ago when Berger was elected he received 17,920 of the 41,053 votes cast. Joseph Carney, Democrat, obtained 12,455 and W. H. Stafford, Republican, who had re-up in bed and everyone who saw me was astonished at my improved condition. Well, I kept taking it, and you see how well I look now. Why I am in perfect health and can eat three hearty meals a day without even thought of suffering afterwards. No gas or dizzy spells bother me any more and all my other troubles have gone completely, and I do all my own housework and never have that tired feeling I had for so many years. A medicine that will do what Tanlac has done for me deserves all the praise one could give it, and I couldn't say enough for it if I stood here and talked forever."

Another interesting phase of the campaign was the W. C. Zabel, district attorney, and reputed as the best vote getter of the Socialist party, declared for Bodenshtab. Zabel broke with the party shortly after the end of the war in a controversy involving heavy assessments against successful office holders by the county Socialist committee.

Bodenshtab is a lawyer and has served in the state senate.

Acid-Stomach Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 non-organic diseases can be traced to Acid-Stomach. Starting with indigestion, heartburn, belching, food-repeating, bloating, gassy stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, biliousness—people who suffer from rheumatism, lumbago, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

If you suffer from stomach trouble or, even if you do not feel any stomach distress, yet are weak and ailing, feel tired and dragged out, lack pep and enthusiasm and know that something is wrong although you cannot locate the exact cause of your trouble—you naturally want to get back your grip on health as quickly as possible. Then take EATONIC, the wonderful modern remedy that brings quick relief from pains of indigestion, belching, gassy blood, etc. Keep your stomach strong, clean and sweet. See how your general health improves—how quickly the old-time vim, vigor and vitality come back! Get a big box of EATONIC from your druggist today. It is guaranteed to please you. day. On the contrary Japan increased her forces in Siberia.

Officials declared that while they failed to understand the American policy of leaving troops in Siberia, they attributed it to the desire to watch Japan.

Although Japan's ambassador attended the conference where it was agreed to withdraw support from Deniken and Kolchak and let Russia decide its own fate, it now develops that the ambassador refused to adhere to the decision whereby it is reserved to Japan to decide on its policy toward Russia. But the allies are unable to understand Japan's reason for increasing her forces. Her force is now estimated at 60,000 and it is attributed to the fear of the spread of Bolshevism into China and the fear of abandoning their force because of the recent defeat of Kolchak.

PE-RU-NA
THE REMEDY FOR EVERYDAY ILLS

“I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. I have also taken Lacupin and can easily say it is one of the best blood purifiers I have ever used.”

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If you suffering from the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

HEZE CLARK PICKS ALL STAR TEAMS

Says it is a Difficult Matter to Name All State Elevens for Indiana High Schools

GOOD FOOTBALL SEASON

Hammond, New Albany and Sheridan Were Undelected and Have Men on all State Teams

By HEZE CLARK

(Written for United Press.)

Indianapolis, Indiana, Dec. 19.—If it is difficult to please the followers of eleven Indiana colleges in selecting an all-State college football team, how much more difficult it is to meet the approval of all in naming an All-Indiana High School eleven. But there is one thing to which all followers of the gridiron sport will agree and that is that there are more first class high school teams in the Hoosier state during the season just closed than ever before. That means that there were more men of All-Indiana calibre than ever in the history of the game. It means that to select the All-Indiana High School eleven is this year is a far more difficult task than ever before and the writer has chosen an All State high school team each year since 1904.

except 1918, which was an off-year. In naming an All-Indiana high school team, so much material appeared in the lineup of the prep school gridiron combinations that it was only fair to select three. All-State teams, the first team of course being the strongest and the others in their order, and it was only fair to give honorable mention to many high school football stars. While they were not the equals of those picked for the first, second and third elevens, they played fast football.

Several schools did not meet defeat. Hammond, Sheridan and New Albany had perfect records. Jasonville, Bicknell, and Linton and Kentland were strong contenders throughout the season.

A glance at the material on the various teams indicates that there are more star players in the backfield positions than in the line. Therefore more backs are given honorable mention than linemen but it must be remembered that the athletes who played the line positions were just as good in their positions as were the backfield men in theirs.

The colleges this year produced few good centers. This was not true of the high schools. Seven high school teams had center men far above the average. The play of two men stood out so strong that their supporters declared, as did their opponents, that each was the best in the state. They were William Fowler of Bicknell and Ernest Kimble

of Sheridan. The choice between the two is close but Fowler is given the first team position and Kimble is named in the second line up. The selections follow, first, second and third team selections being named in order:

Left end—Harry Hoover, Kentland; Jack Bell, Garfield H. S., Terre Haute; Blair Loudin, Bicknell.

Left tackle—Lester Richardson, Sheridan; Kermit Crook, Worthington; and G. Shumay, Greenfield.

Left guard—(blank) Turner, New Albany; Charles Beck, Newcastle, Ind.; Roy Sparks, Bloomfield. Center—William Fowler, Bicknell; Ernest Kimble, Sheridan; Stewart Suter, Wabash.

Right guard—Paul Hunter, Worthington; Henry Duttonhaver, Kentland; (blank) McCullough, New Albany.

Right tackle—Joe Sexton, Jasonville; Charles Murphy, Kentland; Vern Dorsey, Garfield H. S., Terre Haute.

Right end—Louis Hess, Hammond; Rex Poe, Jasonville; Ben Hanna, Linton.

Quarter back—Lloyd Cearing, Hammond; Allen McGinnis, center H. S., Evansville; Fred Wyatt, Princeton.

Left half back—Elder Everhart, center H. S., Evansville; Bert Searles, Hammond; Charles Franklin, Jasonville.

Right half back—Forest Elliott, Sheridan; (blank) Burks, New Albany; Gerald Woods, Greenfield.

Full back—Ward Lettingser, Linton; Harry Smith, Kentland; (blank) Dunleavy, Emerson H. S., Gary.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean; drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"MONEY"

MAKES THE MARE GO

It takes oil to make the machinery go right. It takes oil to make machinery last. Many a good machine has never been recognized simply because of a poor oiling system. Drop in and see the "Rushville Special" Spreader and let me show you what elaborate effort and tireless energy have been absorbed in making this machine almost fool proof when it comes to oiling.

Efforts have been made to produce bearings that would not require oil, but without entire success. The railroad companies in building their freight and passenger cars, and the Litchfield Mfg. Co. in building the "Rushville Special" Spreader have come about as near it as seems possible. The main bearings of my spreader carry an oil chamber on the under side, packed with waste which feeds the oil against the axle like a wick feeds kerosene to the flame in a lamp. The weight and all the main driving power in a spreader must be sustained by the main rear bearings, and this oiling is most important. These bearings are known as self-oiling bearings.

The "Rushville Special" Spreader is equipped with hard oil cups at all lubricating points, except these self-oiling bearings. Each oiling arrangement is so devised that it will stand much abuse and mis-use, and cold weather. Of course, this machine needs oil, but not an EXPERT to apply it.

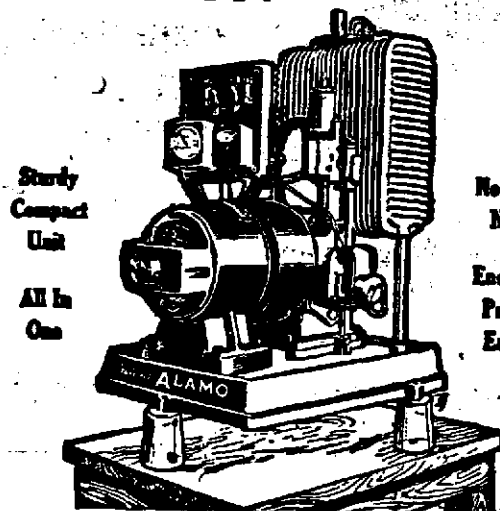

Buy this machine now. Don't starve your land for the sake of an uncertain, possible saving in some other manner. It doesn't pay. The "Rushville Special" Spreader will make its cost back for you while you are "looking around." Come in and let me prove it.

The Buick Built Spring

This Long Sweeping Buick Cantilever Spring, With Its Fourteen Broad Heavy Leaves, Abounds In Comfort

It absorbs hundreds of jolts.—It eliminates thousands of jars and distributes pleasing comfort with equal care to both front and rear seats, so smooth in action, that each passenger is thrilled with its dependable performance.

Such efficiency is not only the result of construction, but is obtained thru the well balanced position in which each spring is hung to the sturdy Buick frame.

For Buick engineers by their modern methods of manufacture have placed upon this unit the responsibility of the full load of each car's capacity—a duty in which quality and endurance so reliably work hand in hand.

How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed ACME WORM BOUNCER in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestines STRAIGHT. The time comes when the worm must eat and when he does, the ACME WORM BOUNCER PARALYZES the worm—he then must let go—and in that manner the ACME WORM BOUNCER expells the worms and EXPELLS THEM ALIVE from 5 to 7 days after you commence to feed ACME WORM BOUNCER.

ACME WORM BOUNCER is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worms in the INTESTINES AND STOMACH is very injurious to the animal and very dangerous to use.

Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.

Inferior insulation wears out before the plates do, and re-insulation is necessary.

Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use.

You can't afford not to know about it, for some day you'll need a new battery.

Call and let us tell you all about it.

REFUSES \$10,000 FOR HER HUSBAND'S GLANDS

Widow of Man Hanged in San Quentin in Prison For Murder Turns Down Big Sum

WAS ADVISED TO ACCEPT IT

(By United Press.)

San Quentin, Cal., Dec. 10.—The body of Antonio Lapara, who was hanged in the prison here today for a "blackhand" murder, will not give up its interstitial glands for the rejuvenation of an aged inmate.

The announced plan of prison physicians to remove Lapara's glands and transplant them was prevented by Mrs. Lapara, the dead prisoner's widow. Although she had been offered \$10,000 for the glands, and had been advised by her attorney to accept the money, she demanded that the doctors abandon their plans to use her husband's glands again.

Lapara was convicted of murdering Mario Allioti two years ago. Police declared Lapara had been hired by a blackhand gang to murder Allioti and that he scarcely knew his victim. After he had shot three bullets into Allioti's body he ran into a park. He was caught while trying to stuff remaining bullets into his hat.

APPOINTED MEMBER LEGISLATIVE BODY

W. H. McMillin Given Place on Important Committee of State Auditor's Association

TRUSTEES HONOR LEW LEWIS

Will H. McMillin, Rush county auditor, was appointed a member of the legislative committee of the Indiana County Auditor's association at the annual session of the organization in Indianapolis this week.

Governor James P. Goodrich attended the session and informally discussed with the auditors the problems of their office. The auditors told Governor Goodrich that they should have extra compensation for extra work which recent laws made compulsory for the auditors to perform. Among the extra fees they desire is per diem payments for attendance at the meetings of the county board of review.

Lew Lewis, trustee of Walker township, was appointed chairman of both the resolutions and legislative committees of the Indiana Township Trustees' association, the annual meeting of which was also held in Indianapolis this week. Mr. Lewis states that each county will have a meeting of trustees in the near future to select a representative to represent the district at a conference to be called by the thirteen members of the legislative committee. The Rush county trustees will select their representative at this meeting. Several trustees from this county were present at the sessions just closed in Indianapolis.

XMAS SEAL MONEY TO BE SPENT LOCALLY

91.7 Per Cent. of All Funds Raised in Any State Remain There to Carry Out the Local Programs.

NATIONAL FUND IS SMALL

National Tuberculosis Association and American Red Cross Share Remaining 8.3 Per Cent.

✠ "For the Health of This Community." Such is the slogan appearing on the flap of envelopes on which the Red Cross Christmas Seal is printed. The issue of such envelopes in order to save the trouble of affixing gummed seals to letters sent out in quantity by large corporations and business houses has been inaugurated this year as part of the machinery of distribution set in motion by the National Tuberculosis Association and its 1,000 State and local organizations in disposing of more than 650,000,000 Red Cross Christmas Seals during the ten day sale which began on December 1.
The significance of the slogan lies in the fact that whether the letter is mailed in Los Angeles or Boston, in Chicago or in Galveston it still holds true. "This community" literally means the place where the seal is bought and used. To be exact, 91.7 per cent of the funds raised is devoted to local anti-tuberculosis activities in the state. Of the remaining 8.3 per cent a portion goes to the Red Cross.

WILSON ENDORSES STAMP SALE

President Wishes "The Very Best Success" for the 1919 Red Cross Xmas Seal Campaign.

✠ President Wilson, in a letter to Dr. Charles J. Hatfield, Managing Director of the National Tuberculosis Association, expresses keen interest in the work of the association and wishes success to the 1919 Red Cross Christmas Seal sale. More than 650,000,000 seals must be sold during the ten day drive which began on December 1, to assure a one hundred per cent. application of the Association's 1920 educational and preventive campaign. The President's letter follows:

"Allow me to express again my deep interest in the work of the National Tuberculosis Association. I am very much interested to learn of the efforts of the Association to raise the sum of six and one-half million dollars that the state budgets may be financed for the coming year, and write to wish the very best success of the effort."

CHILDREN.

✠ David Starr Jordan says: "There is nothing in all the world so important as little children; nothing so interesting. If you wish to go in for philanthropy, if ever you wish to be of any use in the world, do something for little children. If ever you yearn to be truly wise, study children. We can dress the sore, bandage the wound, imprison the criminal, heal the sick and bury the dead, but there is always a chance that we can save the child. If the great army of philanthropists ever exterminate sin and pestilence, ever work out the race's salvation, it will be because a little child has led them."

IN MEMORIAM

In loving remembrance of Leora Carr Nelson who died one year ago Dec. 18, 1918.

Sad is the memory of one year ago today
When you left us all in sorrow, for that home so far away.
You bade no one a last farewell, You could say goodbye to none, A dear young heart had ceased to beat.

Before we knew that you had gone, We often sit and think of you
When we are all alone,
For memory is the only thing That grief can call its own.
We miss you more and more, dear As days and week roll by,
But O we live in hope of meeting In that heavenly home on high.
HER MOTHER.

"Luck in Pawn" Again Tonight
Another Broadway stage play has been converted into a screen vehicle for Marguerite Clark. Following her recent success in "Widow by Proxy" also a former stage comedy, she is being presented in "Luck in Pawn," Marvin Taylor's light dramatic success, and will be seen at the Princess Theatre again tonight, after pleasing crowds here yesterday. The picture is described as a comedy of the type that Miss Clark has always succeeded in making: extremely entertaining and sparkling on the screen. It concerns the fortunes of a little country girl who aspires to be an artist and seeks the advice of a noted painter as to the merit of her work, only to be told that her talents along artistic lines are extremely limited.

However, her charms attract a young rich idler, who sees in her a welcome relief from the sophisticated women of his acquaintance in constant pursuit of him for his

wealth. He establishes her in a fashionable hotel as his guest, concealing her identity from his mother. Despite exposure by a match-making dowager and other complications, the affair turns out happily. Charles Meredith heads a capable supporting cast, and the picture was directed by Walter Edwards.

"Sundown Trail" at Mystic
The program at the Mystic tonight will be a Universal six reel special, entitled, "Sundown Trail," featuring Monroe Salisbury.

The story was written by J. G. Hawks, who has created the scenarios for many of Dorothy Dalton's and William S. Hart's best known successes.

Rollin Sturgeon, who directed Dorothy Phillips in "Destiny" and Priscilla Dean in "Pretty Smooth," two recent Universal releases, directed Monroe Salisbury in "Sundown Trail."

The entire company passed a month on location in the famous Feather River country of Northern California, obtaining many shots of unusually beautiful scenery.

Salisbury is supported by a cast headed by Alice Elliott and including Clyde Fillmore, Beatrice Dominguez and Earl Stockdale.

Saturday Louise Glaum will appear in "A Law Unto Herself," and there will be a Harold Lloyd comedy, "Pistols for Breakfast."

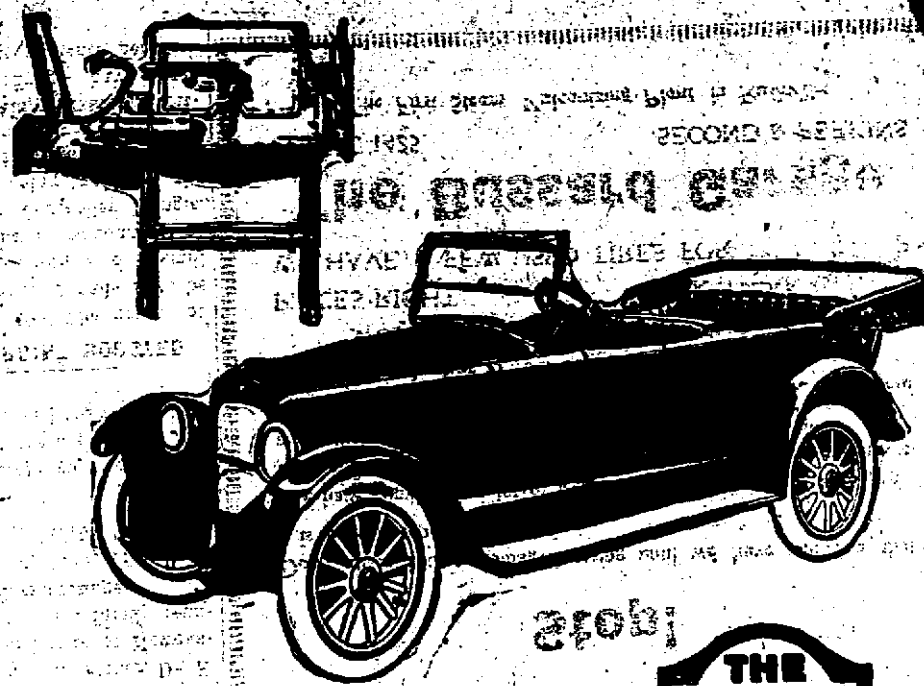

Home-Made Toys

The perennial rag doll that is made this year is made of any ribbed sock— as a ribbed stocking—finger pink. It is cut out by a pattern, sewed and stuffed with cotton. The face and hair are the result of red, black and white water color. The doll is then dressed up in blue cotton clothes and a blue stocking cap.

A ball made from scraps of cloth is a fine gift for a very little boy. It takes twelve pieces, measuring three inches across at their widest part to make it. They are sewed together, leaving an opening for stuffing with cotton and the finished colors used the better.

Power now established by extensive owner service

The unusual power of the Nash Six now thoroughly established by extensive performance in the hands of owners, is only one of its many superior features. Its Nash Perfected Valve-In-Head Motor has proved itself especially quiet, practically vibrationless, and economical of fuel. A feature is that its valve mechanism is enclosed and self-lubricating.
